The most reliable and concrete is the proposal of Aldridge at Herdecke (D). The money shall be raised by Herdecke with the only condition that the institute of Herdecke has to be showed somewhere.
Unanimous vote that the web-page by Aldridge is to be established.

The proposal of Lund was discussed and agreed that 3 questionnaires have to be sent out:
One for academic (training institutes), the second for professional (associations) and the third for individuals.
The filled-in questionnaire has to be returned to Lund by e-mail by l. 10. 2000, in an attached file in word or RTF format. Each delegate sends a list to whom the questionnaire was passed
